Maintenance

Steps:

1. To keep your hair looking beautiful, wrap hair at night before bed. The wrap is quick, easy to do and easy to sleep on.
2. Use a brush (preferably a paddle brush) and brush hair in a circle around your head, this allows your head to become the roller.
3. Hold hair in place with a silky wrap scarf. Make sure hair is smooth and silky. You may also choose to use small rollers in the top of the head with the wrap.
